First for your Health & Wellbeing

Expression of Interest

General Practitioner

Job Reference No: VAC0389

Location: South Melbourne
Sessions: Variety of options available
Remuneration: Attractive and flexible income sharing arrangements

We are seeking expressions of interest from an experienced General Practitioner to join our team as we expand our service to South Melbourne.

Star Health works in partnership with people and communities to promote and improve equity, health and wellbeing by delivering innovative client-directed services that take into account the context of the individual and the community, and championing prevention and change to address the structural reasons for health inequity. We are now looking for an experienced General Practitioner to join our GP Clinic Team at South Melbourne, which will include:

- MBS funded services
- An integrated service response with referrals to other services using MBS items where possible
- A multidisciplinary clinic that includes a whole range of Allied Health services
- Timely response to access.

This role will give the opportunity for an experienced General Practitioner to make a positive difference to our clients. Whilst the clinic will serve the general community, many of our clients are from marginalised population groups who have difficulty engaging with a GP. This is a chance for a GP to actively engage with and be supported by a whole range of Allied Health and community care providers both within the clinic and more broadly across the Star Health organisation. Star Health has strong partnerships with other agencies including government, community and the acute sector and is therefore well placed to support special interest areas.

Requirements:

- **RACGP Vocationally Registered General Practitioner and Current AHPRA registration.**
- **Full Medicare access**
- **Commitment to and interest in working with the mental health sector and marginalised and disadvantaged clients.**
- **Experience and ability to work collaboratively with others in a multidisciplinary team and with partner organisations**
- **Well-developed interpersonal and communication skills.**

This role offers an excellent working environment including a highly engaged work culture with staff who have a strong commitment to making a positive difference and flexibility in the number of sessions offered.

For further information about the role please contact Joanne Moss on jmoss@starhealth.org.au or 03 8644 3302. Applicants must complete our application form directly via our website http://www.starhealth.org.au/careers/current-vacancies/

Closing Date: 31st December, 2018

Star Health is an equal opportunity employer and encourages people with disabilities and individuals of diverse backgrounds including those from the Aboriginal and Torres Strait Islander, Culturally and Linguistically Diverse and LGBTI+ community to apply.
